

High effective functional additives for coating/resin/polymer

Product	State	Grade	Applications	Packing
Flame Retardant for coating/resin/polymer	Powder	GY-FR-B21 GY-FR-B24 GY-FR-OP series	<ul style="list-style-type: none"> ● Excellent flame retardant effect , provide added-value for products ● Good thermal cracking temperature ● Excellent thermal stability ● Good compatibility and dispersion 	25KG/bag
Anti-UV, Anti-yellowing agent for coating/resin/polymer	Powder Liquid	GOYENCHEMUV-700 G GK-690	<ul style="list-style-type: none"> ● Preventing yellowing and aging caused by external factors, weather, light ● Long-term barrier ● Good anti-yellowing, enhance the weather resistance of coating, resin in various environments, temperatures or processing ● Low volatility and good heat stability 	25KG/bag 20KG or 200K/drum
Anti-static agent for coating/resin/polymer	Powder Liquid	GYC-AT-300 GYC-AT-786	<ul style="list-style-type: none"> ● Good antistatic property ● Effectively reduce surface resistance of products ● Lower and more economical dosages ● Uniformity of coating thickness 	20KG/BAG 190 /200 KG/drum
Matting agent for coating/resin/polymer	Powder	GY-MT412 GY-MT32	<ul style="list-style-type: none"> ● Excellent matting effect ● Decrease the gloss of resin, will not occur the produce glare phenomenon ● Good processing ability and good dispersion ● Give the product a low-key luxurious texture 	10KG/bag 25KG/bag
Antifoaming agent for coating/resin/polymer	Liquid	GY-LA56/LA-21 (water base) GY-LA (oil base)	<ul style="list-style-type: none"> ● Give the product excellent anti-foaming ability and foam breaking. ● Prevent crater phenomenon of coating due to the dried foam ● It has excellent water dilution and is not easy to stratify. ● Excellent compatibility with various coatings and resins 	25KG or 50KG/drum

High effective functional additives for coating/resin/polymer

Product	State	Grade	Applications	Packing
Dispersing agent for coating/resin/polymer	Liquid	GY-LW (water base) GY-LO (oil base)	<ul style="list-style-type: none"> ● It can make the surface of the product with smooth and heat stability . ● Change plasticity and even coloration. ● Promote dispersing ability and lubricant for various pigments and resins 	180KG/drum
Anti-scratch agent for coating/resin/polymer	Liquid	GOYENCHEM-14 (oil base) GGK-1440/GGK-1460(water base)	<ul style="list-style-type: none"> ● Improve the abrasion resistance of resin and oil system products and give scratch resistance for products ● Improve the strength of resin, coating , film ● Good compatibility for various resin, coating 	25KG/drum
Antibiotic agent for coating/resin/polymer	Liquid	GY-ANTIBIOTIC-100	<ul style="list-style-type: none"> ● Avoid moldiness caused by humid and rainy weather ● Provide good and long-term antibacterial properties ● Good compatibility 	20KG/drum
Antioxidant for coating/resin/polymer	Solid or powder	GOYENCHEM-AO1010 GOYENCHEM-AO1076 GOYENCHEM-AO168 GOYENCHEM-AO series	<ul style="list-style-type: none"> ● High effect antioxidant ● Effectively inhibit oxidative degradation of polymers during processing ● Good compatibility ● Avoid deterioration during product processing ● Can be used with other aids 	20KG/bag
Titanium dioxide for coating/resin/polymer	Powder	GR SERIES	<ul style="list-style-type: none"> ● Weather resistance ● Good coloring ability and whiteness ● Excellent dispersion 	25KG/bag
Wear-resistant agent for coating/resin/polymer	Powder	GGK-1402	<ul style="list-style-type: none"> ● Provide good wear resistance of the coating and very fine powder, excellent dispersion ● Improve the mechanical properties of the film 	25KG/bag

High effective functional additives for coating/resin/polymer

Product	State	Grade	Applications	Packing
Rheology Control Additive for coating/resin/polymer	Liquid	GY-VE SERIES	<ul style="list-style-type: none"> ● Improve anti-sagging effect of resin ● Give paint products fluidity and leveling ability ● Coating film anti-splash properties of coating ● Effectively increase product added value 	25KG or 200KG/drum
color brightener for coating/resin/polymer	Pellet	GY-HL series	<ul style="list-style-type: none"> ● Raise gloss ● Enhance brightness of surface, granting high added-value of product ● Can be used for colored and colorless products to improve product gloss 	25KG/bag
Impact modifier for coating/resin/polymer	Powder	GY-EA-100P	<ul style="list-style-type: none"> ● Improve resin/ink/coating adhesion ● Good fluidity and low melting point ● Easy processing 	20KG/bag
Anti-fish eyes & volcanic vents agent	Liquid	GOYENCHEM-144	<ul style="list-style-type: none"> ● Prevent fish eyes and volcanic vents on the top of coating ● To avoid poor performing caused by mix unevenly or bad dispersion ● Sustain the smoothness of shaped products ● Enhance the adherence of topcoat ● With excellent compatibility with various surface treatment, coating and resin 	25KG/drum
Anti-skinning Agent for coating/resin/polymer	Liquid	GY-A	<ul style="list-style-type: none"> ● Excellent anti-skinning, does not affect the coating drying rate ● Compatible with a variety of paints and coatings, for use in preventing oxidative polymerization drying paint ● Prevent the surface crust caused by storage or transport process ● Won't let the coating fade or discolor 	25KG/drum

High effective functional additives for coating/resin/polymer

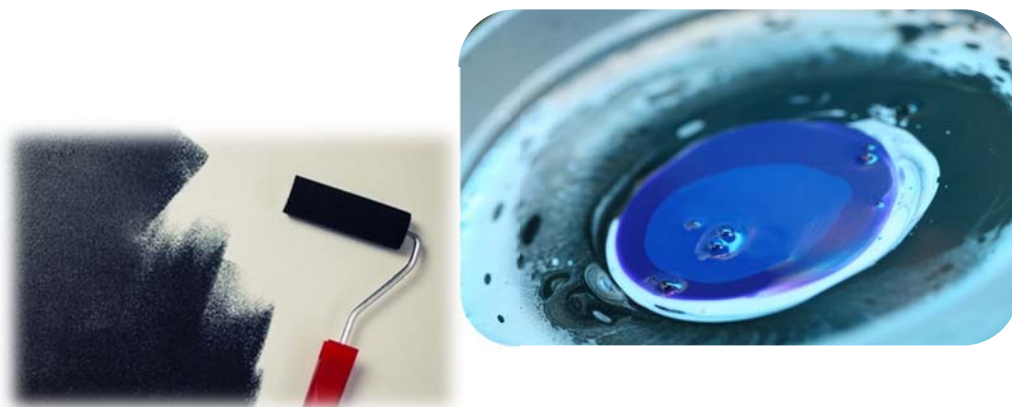

Product	State	Grade	Applications	Packing
Water base emulsion resin	Liquid	GOYENCHEM-WE03 GOYENCHEM-WE18	<ul style="list-style-type: none"> ● Base materials for various water-based fire retardant coatings, architectural coatings, waterborne coatings, interior and exterior wall coatings ● High brush stability ● High thermal stability ● Give color retention 	200KG/drum
Anti-cavity anti-cratering agent for coating/ resin/ polymer	Liquid	GOYENCHEM-143	<ul style="list-style-type: none"> ● Adding to the coating can remove defects such as pits and shrinkage holes caused by grease and release agent contamination ● Good compatibility for various resin and coating 	25KG/drum

During 40 years experiences in fine chemical field, GYC Group has made a barrier to competitors and imitators because of our incomparable technology. Nowadays, GYC Group has exported our products over than 60 countries.

We provide comprehensive products and total solutions for customers, if you have other requirement, please browse our website:
